

## PROJECT TITLE:

### Fiscal Year 2021-B Pavement Maintenance (Overlay) Project

#### PROJECT OVERVIEW:

The Fiscal Year 2021-B Pavement Maintenance (Overlay) Project consists of grinding off deteriorated asphalt pavement and overlaying with new asphalt on various high-priority streets throughout the City. Additionally, the Project will construct concrete improvements including pedestrian access ramps for compliance with the Americans with Disabilities Act (ADA), repair of damaged sidewalks, repair of curbs and gutters, and traffic signal upgrades.

**PROJECT BENEFITS:** This Project will eliminate minor road defects and structural failures, and create a much smoother road surface, thereby improving road safety. In addition, the Project will upgrade pedestrian access ramps to meet ADA requirements, make minor repairs to adjacent sidewalks, curbs and gutters, and upgrade traffic signals for improvements to pedestrian and roadway safety.

#### QUICK FACTS

**Locations:** See page two for planned locations and project map.

**Construction Schedule:** Fiscal Year 2021-B – spring - summer 2022

**Total Project Costs:** Fiscal Year 2021-B - \$6.5M

**Funding Source:** The Project is funded by Measure C, State Gas Tax (SB1), Measure A, HR 133 COVID Relief Provisions, and Local Surface Transportation Program (LSTP) Grant funds
